2016: Version 1

## DRINKING-WATER CONTACT DECLARATION

It is the responsibility of our customers to check if the materials supplied by SABIC and articles made out of it are suitable for the intended use and comply with all applicable regulations and requirements.

The chemical composition of **SABIC**<sup>®</sup> **PP 578L 00900** consists of substances which are listed or exempted from listing in the following recommendations or regulations for drinking water contact applications:

## Germany

Empfehlung VII "Polypropylen" of Kunststoffe im Lebensmittelverkehr: Empfehlungen des Bundesinstitutes für Risikobewertung (BfR) (Former BgVV). Status: January 2012.

Bedarfsgegenständeverordnung in der Fassung der Bekanntmachung vom 23 December 1997, latest amendment June 24, 2013. (BGBI I S. 1682)

The chemical composition of this grade is also permitted according to the requirements of the German drinking-water contact regulations: KTW-Empfehlung 1.3.3. "Polypropylen". Status: May 1979.

**Remark:** In Germany a registration of an article, intended to come into contact with drinkingwater, is required.

Italy

The chemical composition of this grade is also permitted according to the requirements of the Italian drinking-water contact regulations: Circolare No.102 "Disciplina igierica concernente le materie plastiche e gomme per tubazioni ed accessori destinati a venire in contatto con acqua potabile e da potabilizarre. DGSP, Div. IV, No.400.4/18.4/3990. Status: December 1978.

**Remark**: We did not measure the performance requirements as these must be given on the finished articles or on specimens.

The recommendations or regulations mentioned above refer to the final materials and articles that directly contact the drinking water.

This declaration however, is restricted to SABIC<sup>®</sup> PP 578L 00900 as it leaves the production facilities.

Any sale of products or delivery of customer support and advice by SABIC, its subsidiaries and affiliates (each a "seller"), is made exclusively under seller's standard conditions of sale. Although any information contained herein is given in good faith, seller makes no warranty, express or implied, nor assumes any liability with respect to the performance, suitability or fitness for intended use of its products in any customer's application. Each customer should determine the suitability of seller materials for the customer's particular use through appropriate testing and analysis. No statement by Seller concerning a possible use of any product, service or design is intended, or should be construed, to grant any license under any patent or other intellectual property right of Seller or as a recommendation for the use of such product, service or design in a manner that infringes any patent or other intellectual property right. ®Trademark of SABIC Petrochemicals BV

2016: Version 1

This declaration does not cover:

- any substance subsequently added by the converter,

- poor material or end product due to inexpert manufacture by the converter,

- any negative influence of the finished article on the organoleptic properties of the drinking water.

As the above-mentioned Regulations develop continuously, our declarations will be adapted accordingly.

Therefore we advise the receivers to ask for a new declaration periodically.

This declaration replaces all previous ones relating to this subject.

In the name of SABIC Petrochemicals BV,
