

Technical Data Sheet

POLYBATCH FSU 3505 E

Low Density Polyethylene

Product Description

POLYBATCH FSU 3505 E is a polyethylene based slip/antiblock concentrate. Is designed for mono and multi-layer films extrusion, transparent and pigmented. Critical transparent film applications.

Processing Method Extrusion

Typical Properties	Nominal		Test Method
	Value	Units	
Physical			
Melt Flow Rate, (190 °C/2.16 kg)	20	g/10 min	ASTM D1238
Density - Specific Gravity	1.2		ASTM D792
