

# LAPRENE® L828-55D

## Typical mechanical properties

|                     |          |                        |
|---------------------|----------|------------------------|
| Stress at break     | 1890 psi | ISO 527-1/-2 or ISO 37 |
| Elongation at break | 386 %    | ISO 527-1/-2 or ISO 37 |

## Other properties

|         |          |          |
|---------|----------|----------|
| Density | 8 lb/gal | ISO 1183 |
|---------|----------|----------|

## Additional information

|                   |  |
|-------------------|--|
| Injection molding | Please note that the suggested temperatures are estimations. The actual desired temperatures can vary based on the molding machine design. |
|-------------------|--|

## Processing Texts

|                                 |  |
|---------------------------------|--|
| Longer pre-drying times/storage | The material must be stored indoors in the original, unopened and undamaged packaging, away from direct sunlight, moisture and heat. |
|---------------------------------|--|

|                   |  |
|-------------------|--|
| Injection molding | Please note that the suggested temperatures are estimations. The actual desired temperatures can vary based on the molding machine design. |
|-------------------|--|
